

the impact of his condition upon his ability to accept the responsibilities inherent in a DEA registrant, it is in the public interest to revoke his DEA Certificate of Registration."

The Acting Deputy Administrator agrees with Judge Randall that this is a close case. Respondent's lack of attention to detail, knowledge regarding the scheduling of controlled substances, and evidence of ongoing treatment for his codependency problems all justify revocation of his DEA Certificate of Registration as inconsistent with the public interest. However, the Acting Deputy Administrator also recognizes that Respondent practices in a poor rural community, that he is conservative in his prescribing of controlled substances and that he correctly answered the liability question on his 1995 renewal application. As a result, the Acting Deputy Administrator concludes that the public interest would be served by giving Respondent an opportunity to become educated regarding controlled substances and to receive continued treatment for his codependency problems while still being permitted to handle controlled substances.

Therefore, the Acting Deputy Administrator will stay the revocation for six months, during which time Respondent must present evidence to the Acting Deputy Administrator of his completion of a training course regarding controlled substances, and of his ongoing treatment for his codependency problems. In addition, Respondent must request modification, if necessary, of his 1995 renewal application to accurately reflect what schedules he wishes to be registered in to effectively treat his patient population. If Respondent does not submit this information within six months of the effective date of this order, a subsequent order will be issued lifting the stay and Respondent's DEA Certificate of Registration will be revoked. If Respondent does submit the information in a timely manner, the Acting Deputy Administrator will issue a subsequent order indicating that the conditions have been met, that the DEA Certificate of Registration is reinstated and renewed without limitations, and that Respondent shall acknowledge the revocation in response to the liability question on any future applications.

Accordingly, the Acting Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration AR2127377, issued to Leonard E. Reaves, III, M.D., be, and it

hereby is, revoked, and any pending applications for renewal of such registration, be, and they hereby are, denied. It is further ordered that this order will be stayed for a period of six months from its effective date. If during the six month period, Respondent fails to provide the Acting Deputy Administrator with evidence of the completion of a course regarding controlled substances or of his ongoing treatment for his codependency problems, the stay will be removed and Respondent's DEA Certificate of Registration will be revoked and any pending application for renewal will be denied. This order is effective September 18, 1998.

Dated: August 13, 1998.

Donnie R. Marshall,

Acting Deputy Administrator.
